

Registered Electrician – Solar & EV

About Future Energy:

Future Energy is a sustainable energy company at the forefront of the energy transition.

We focus on HVAC, EV Car Charges & Solar Installations for residential homes and commercial applications.

Our mission is to ‘create a better Future for all New Zealanders through sustainable energy solutions’.

We believe our people are our most important assets.

About the role:

Your new role will involve installing & wiring Solar & EV installations.

This is a great opportunity to immerse yourself in an exciting, fast-moving industry.

What you'll need to succeed:

- Positive attitude & customer service skills,
- NZ Registered and Practicing Electrical license,
 - We will consider limited licenses for the right candidate.
- Full NZ Driver’s License,
- Solar & EV electrical experience, or a strong interest in both.

What you'll get in return:

- Growth opportunities within the business as Team Leader & Managerial roles,
- Great pay rates, \$35ph+
- Personal bonus incentives and company bonus scheme,
- Company Vehicle, Phone, Computer.
- Progression towards ownership opportunities for the right candidate,
- Work directly with owners that care about their staff,
- Great team culture & environment,
- Industry leading systems and tools to make your work easier,
- Ongoing training & support,

More About Future

Future Energy is New Zealand owned and operated sustainable energy business with a focus on making a difference in people's lives.

The owners work hands on at the coalface with an emphasis on being available for our staff daily. We’re an entirely in-house team of administration, sales, technician’s and aftersales. We enjoy working together on our shared passion of smarter energy.

We’re on a mission to help all New Zealanders, this is just the beginning!

What you need to do now:
